Duty of Candour Annual Report

Year ending 2026

To fulfil our duty of candour responsibilities, this report describes the unintended or unexpected incidents that occurred at our dental practice during the last year.

Practice: Skye Dental Practice, 1/1 192 Dukes Road, Burnside, G73 5AA

Responsible person: John McGregor

Aims and objectives of the practice

To provide good quality dentistry to our patients in a safe environment.

Duty of candour responsibilities and process

We have held team meetings to discuss our duty of candour responsibilities should an unintended or unexpected incident occur. The team is aware of and understands the practice adverse incident (duty of candour) protocol, which describes what to do when something goes wrong. The protocol identifies the practice contact, who should be notified of all incidents and near misses (along with NHSG Optometry Leads) and will conduct an investigation, if necessary.

Unexpected or unintended incidents: Nil

Action Taken: None required
